Intermediate award means an award intended to meet the more ongoing needs resulting from a mental health or substance abuse emergency than is possible under an Immediate award. §51d.5 How is an emergency determined to exist?

(a) In making a decision as to whether a mental health or substance abuse emergency exists for purposes of section 501(m) of the PHS Act, the Secretary, using discretion, will consider all relevant factors, but at a minimum the following must exist:

(b) In making a determination that a mental health or substance abuse emergency exists, the Secretary will consider the certification and written statements provided in accordance with §51d.4(a)(1) or (b)(1), and other information independently available to the Secretary.

(c) Once the Secretary determines that a mental health or substance abuse emergency exists, the Secretary may exercise discretion to make awards to enable public entities to respond to the emergency, within the limits of funds available.
